

BADGER BULLETIN

Fifth Edition

June 2018

We had a thoroughly enjoyable time at Dawes Hall last term, finding out about the river features and the habitat of the River Stour. We began to look at the River Nile and its importance to everyday life in Egypt.

This term we are going back in time as we flow down the Nile and discovering life in the time of the Ancient Egyptians. This will be followed with a comparison with life on the banks of the River Thames.
