

# PLEDGE

# to plant a tree

Help the environment and our community  
(we'll even provide the tree for free!)

Here at Glemsford we are looking for those in our community to pledge to take one (or more) of our tree saplings, plant them and then send us a photograph of their tree to create a superb montage.

If you'd like to take part in our exciting mission please contact us using the details below.

Saplings will be handed out during the week commencing  
6th March 2017.

For more information, please contact the school office or  
Charlie Martin, Forest School Leader
