Geography

It is really important that your children have good knowledge about the world around them.

Below are some activities you can do with your children. Please complete one a week.

Key Stage 1
Draw or find a map of Europe and label at least 10 countries and their capital cities
Draw or find a map of Asia and label at least 10 countries and their capital cities
Draw or find a map of North and South America and label at least 10 countries and their capital cities
Draw or find a map of Africa and label at least 10 countries and their capital cities
Make a mini model of a landmark - physical or human geography
Create and write a postcard home of your dream destination
Where did you go on holiday?
Key Stage 2
Research a country of your choice and produce a presentation
Make a collage of your favourite country
Make a mini model of a landmark - physical or human geography
Write a poem about countries of the world
Where did you go on holiday?
Design a board game to develop map skills
Write a geographical song for map skills
