

## Primary Academy 2019 Results

Glemsford Primary Academy

The tables below provide a summary of the results from the tests and assessments that are required in each school each year. They show results for the last three years and include comparative figures for the trust as a whole and, where we have them, the national average for that measure. Where we can, we have also include w here the school ranks nationally by using a column which shows the 'percentile' of the school. Our aim is in all measure to look towards the top quartile, ie 75<sup>th</sup> percentile and higher.

Where possible, the results are provided for:

- all pupils
  - by boys and girls
  - by those who are 'disadvantaged' (ie are entitled to free school meals or have been within recent years) and those who are not, ie those for whom the school receives pupil premium funding
  - by those with some kind of special educational need, ie have either an Education, Health and Care Plan or are assessed as needing 'SEN support'
- (There are not always the wider comparative figure available for all these pupils grouped by a particular characteristic.)

The data shows: we have had an excellent year.

The key issues raised by this analysis are that: KS2 outcomes need to be higher and so do outcomes for PP children. We also need to work hard to get higher scores for combined greater depthat KS2.

The school's priority actions to address these issues are: See SDP.

**Early Years - Good Level of Development**

At the end of the reception year, staff have to assess children's achievements in communication and language, physical development, personal, social and emotional development, literacy and mathematics. Children achieving a good level of development are those achieving at least the expected level within these areas of learning. The table shows the percentage of children at the end of reception who achieve a good level of development.

Your school has more detailed information about how children achieved in each of communication and language, physical development, personal, social and emotional development, literacy and mathematics.

**Y1 & Y2 Phonics**

Children are assessed using a phonics screening check at the end of Year 1, and if they do not achieve the threshold mark for success, also at the end of Year 2. The table shows the percentage of children at the end of Year 1 and Year 2 who achieve the threshold mark in the phonics screening check.

**Key Stage 1**

At the end of Year 2, teachers make assessments of children's attainment in reading, writing, maths and science. There are tests in reading and maths to assist a teacher's assessments. The table below shows the percentage of children who achieve the expected standard and at greater depth for 7 year olds in each subject.

The data shows: Despite being at or above the Trust average, we need to improve outcomes in year 2. More able children do well but lower prior attainers do not do as well as they could do.

**Key Stage 2**

At the end of Year 6, teachers make assessments of children's attainment in writing and children take tests in maths and science. The table below shows the percentage of children who achieve the expected standard and at greater depth for 11 year olds in each subject.

The data shows: Children do well at our school and are well prepared for Upper School. We teach maths very well and have excellent staff in year 6. We are one of the strongest schools in the trust and above national average.

We need to do better for our PP children and more able children.

The data shows:

Children make excellent progress at Glemsford.

We need to work on improving outcomes for PP children.
